Help keep dog days at bay

Even friendly dogs might become frightened when employees approach your home, and that could result in a serious bite. On meter-reading days, which you can find on your bill, we ask that you please confine your dog and leave the gate unlocked. You can also call us at 800-655-4555 to arrange access.

We also ask that you be aware of toys, hoses, construction materials, trash and cut vegetation that might cause someone to trip, or obstruct the view of your meter. In doing so, you'll help protect our employees and help assure the accuracy of your meter readings.
