

Voluntary Renewables

California's air quality can use your help by making a voluntary contribution to renewable energy resources like wind, solar, geothermal, biomass and small hydropower. SCE supports renewable energy and the landmark state legislation that mandates the use of these natural resources to generate electricity. Here's how you can contribute to clean air:

- Make a contribution in any amount you choose by writing a separate check to the Renewable Resource Trust Fund, which is administered by the California Energy Commission (CEC). Enclose your contribution check with your bill payment check in the return envelope.
- Please do not send cash. Your contribution is not tax-deductible, but will go a long way toward supporting alternative energy resources.

If you have any questions about the Trust Fund or renewable energy, please call the CEC at **(800) 555-7794**.

California law requires all energy providers to furnish their electricity customers with a power content label, which gives them information about the energy resources used to generate electricity. Southern California Edison fully supports making this information available to customers.

POWER CONTENT LABEL

ENERGY RESOURCES	2005 SCE POWER MIX* (projected)	2004 CA POWER MIX** (for comparison)
Eligible Renewables	19%	8%
– Biomass & waste	2%	2%
– Geothermal	11%	3%
– Small hydroelectric	1%	2%
– Solar	1%	<1%
– Wind	4%	<1%
Coal	14%	18%
Large Hydroelectric	3%	20%
Natural Gas	44%	42%
Nuclear	20%	12%
Other	<1%	0%
TOTAL	100%	100%

* 100% of SCE POWER MIX is specifically purchased from individual suppliers.

** Percentages are estimated annually by the California Energy Commission based on electricity sold to California consumers during the previous year.

For specific information about this electricity product, contact Southern California Edison. For general information about the Power Content Label, contact the California Energy Commission at 1-800-555-7794 or www.energy.ca.gov/consumer.
