

What can last

10 times
longer

and uses up to

75%
less
electricity?

ENERGY STAR® labeled
Compact Fluorescent
Light Bulbs (CFLs)

*Save money, time and energy
when you replace your
incandescent lighting with CFLs.*

SOUTHERN CALIFORNIA
EDISON®

An EDISON INTERNATIONAL® Company

Change a Light, Change the World.

SAVE MONEY

Just replacing five standard incandescent bulbs with Compact Fluorescent Light Bulbs (CFLs) can save you \$65 every year.

SAVE TIME

CFLs can last 10 times longer than incandescent lighting so you'll only have to change your bulbs every four to five years.

SAVE ENERGY

CFLs provide the same amount of light (lumens) as incandescent lighting **AND** reduce energy use by as much as 75% per bulb.

Replace your incandescent bulbs with energy-saving CFLs anywhere — screw-in, wall and ceiling fixtures — even your ceiling fan. The more you replace, the more money, time and energy you'll save.

Start saving now. Make the change to ENERGY STAR CFLs today. Visit your local retailer to pick up CFLs. For more information, go to www.sce.com
