Conserve Energy **This Summer**

With summer right around the corner, it's a good time to start thinking about ways you can Save Energy, Save Money. One way is to take our free Online Home Energy Survey to help you identify the appliances that use the most electricity. Our Online Survey gives you instant feedback and a customized report filled with valuable, energy-saving information. Another way to save is to install an ENERGY STAR®-qualified programmable thermostat, which can save you up to 30% in cooling costs. For more information on these and other money-saving programs, please visit www.sce.com and click on "Rebates & Savings."

Spish, Splash, Save a Lot of Cash On Pool Pumps and Motors

Hot summer days are just perfect for cooling off in the pool. But you can chill out and save money at the same time by installing an energy efficient pool pump and motor. Choose between a single-speed or a two-speed pool pump and motor system and receive a rebate of up to \$300. To qualify for this rebate, you must purchase and install a qualifying model. This program is offered on a first-come, first-served basis and some restrictions apply. For more information, please call (800) 736-4777 or visit www.sce.com and click on "Rebates & Savings."

Asian Pacific American Heritage Month

May is Asian Pacific American Heritage Month. This observance commemorates two events -- Japanese immigration to the United States, which began on May 7, 1843, and the completion of the transcontinental

railroad, built largely by Chinese workers, on May 10, 1869. SCE sponsors several employee groups, which include the Edison Chinese Connection, FilBarkada, a Filipino group, and Vietnamese Affiliation. Together, members of these groups continue to promote cultural aware-

ness within the SCE workplace, while reaching out to Asian and Pacific Islander communities through SCE's Speakers Bureau program. We thank our Asian and Pacific Islander employees for their contributions to SCE and its communities.
