Summer Discount Plan
P.O. Box 800
Rosemead, CA 91770-9972

Enrolling in SCE's Summer Discount Plan can provide you with up to \$200* in savings during the summer season. Once you sign up and choose a plan, we will attach, at no cost to you, a device to your home or your central air conditioner that allows us to shut it off for up to 6 hours a day when needed. These "energy events" may happen at anytime throughout the year. Once enrolled, you will be included automatically in the Summer Discount Plan every year.

As you complete this application, ensure that you choose a plan option in Section 2 and tell us how many devices you need in Section 3. Mail the completed form to the above address. For more information or to enroll online, go to www.sce.com/sdp. More questions? Call us at **1-800-497-2813** or TTY **1-800-352-8580**.

*The estimated savings amounts represent the savings a resident could enjoy with a typical 4.5-ton central air conditioning unit. Savings could increase with larger units and decrease for smaller ones. Maximum credit amounts are subject to certain minimum usage requirements and vary by central air conditioner tonnage. Credits based on enrollment in program from June 1 to October 1. Enrollment after June 1 will result in prorated savings beginning from the first meter read date after your application is processed and your device is installed and activated. SCE may need to test the device. The credit amounts and program options are subject to change by the California Public Utilities Commission. Customers receiving a medical baseline allocation for air conditioning under Schedule MB-E are not eligible to participate in the Summer Discount Plan. Net Energy Metering (NEM) credits received under Schedule NEM may offset in whole or in part the program credits associated with the Summer Discount Plan. Participation in the Critical Peak Pricing rate may also reduce the maximum credit amounts. Such participation is subject to change, pending CPUC decision. This information is meant as an aid to understanding SCE's Summer Discount Plan. It does not replace the CPUC-approved tariffs. Any inconsistencies between this material and SCE's tariffs are unintended, and the tariffs prevail. Please refer to SCE's Tariff Books at www.sce.com/AboutSCE/Regulatory/tariffbooks/ratespricing for a complete list of terms and conditions of service.
